## EMOTIONS

FIBA FOUNDATION

**BASKETBALL  
FOR GOOD**

The 8th edition of the FIBA Photo Contest celebrates basketball passion in its purest form.

The theme selected for 2024 was **“Emotions”**, challenging photographers to capture the myriads of emotions that basketball inspires in us.

The adrenaline of a game day, the tension of a last-second play, the euphoria of a win, the disappointment of a loss or the passion of the fans.

The joy of bouncing a ball for the first time, the pride of a parent, the effort in training, the frustration after an injury or the intensity of a referee making a split-second decision.

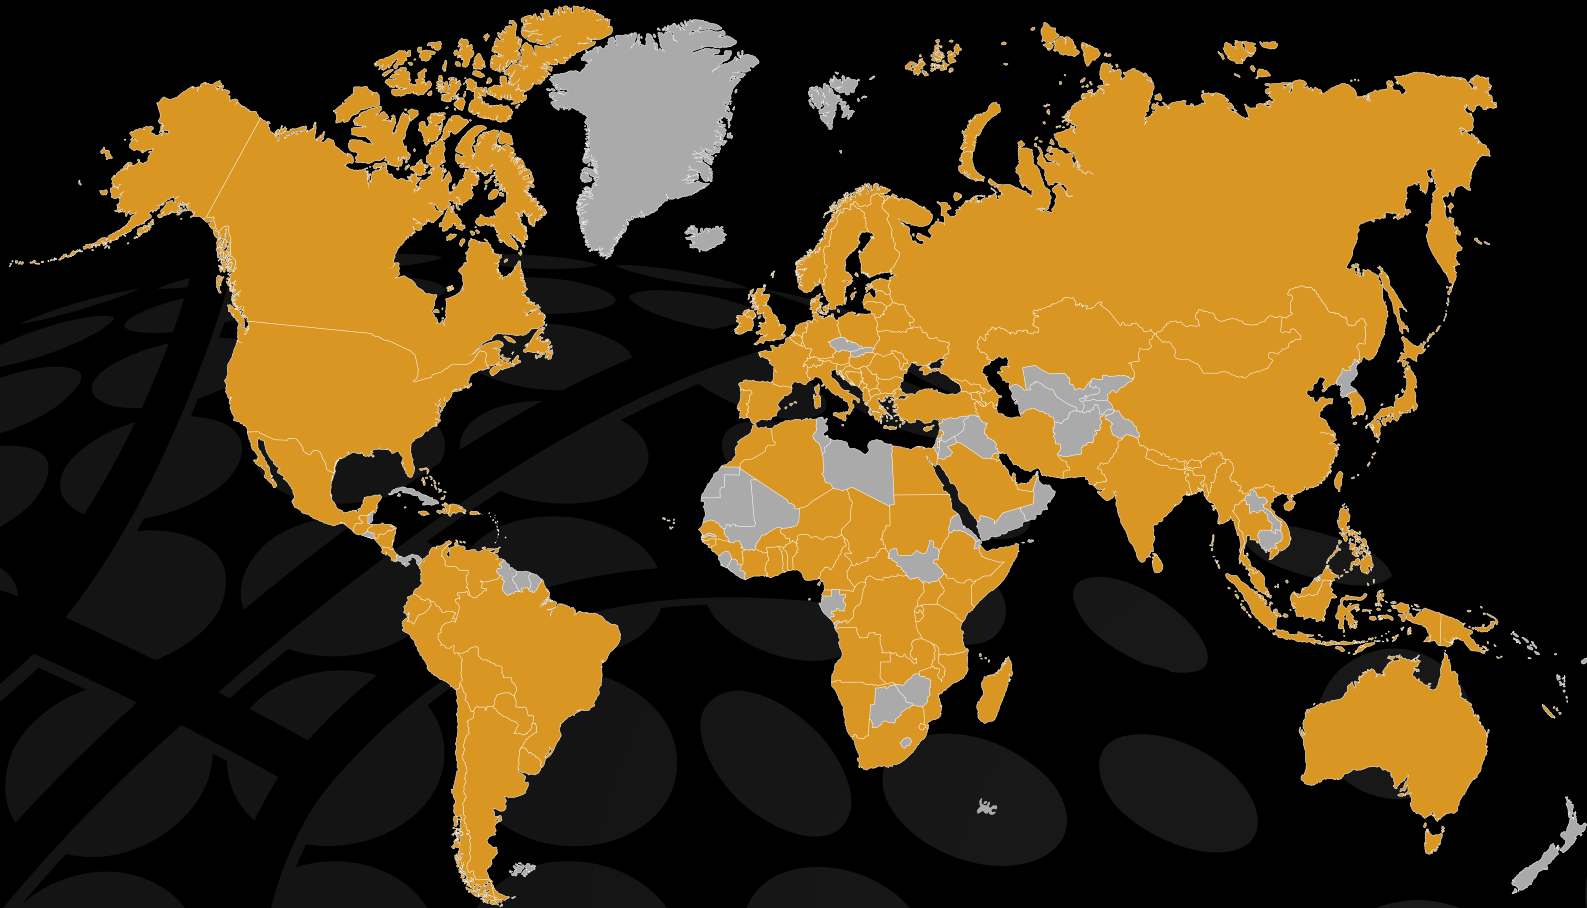

That inner calm that you look for when you are exhausted, down or need to think; and you can only find it on the court shooting alone.

Each picture reminds us that, no matter where we are in the world, when a basketball bounces, we are united by **Emotions**.
